MES Rental Terms and Agreement

These terms govern each quotation, order, delivery, pickup, and rental of equipment by MES to the customer identified in the applicable quotation or order (Customer).

1. Rental Period and Billing Rules

1.1 Monthly Rental Period. One monthly rental period is twenty-eight (28) consecutive calendar days. Unless the applicable quotation or written order states otherwise, rental charges accrue for every calendar day included in the Rental Period. A partial 28- day period is charged at the daily rate shown on the quotation; if no daily rate is shown, the daily rate is one twenty-eighth (1/28) of the monthly rate.

1.2 Controlling Time and Records. All references to 12:00 p.m. mean local time at the applicable delivery, pickup, or return location. Carrier tracking records and MES time-stamped receiving or release records are prima facie evidence of the applicable date and time, subject to correction for manifest error.

Transaction	Event	Rental treatment
Carrier shipment to Customer	Any service other than Next Day Air	Rental begins on the calendar day after Customer receives the Equipment.
Carrier shipment to Customer	Next Day Air delivered at or before 12:00 p.m.	Rental begins on the calendar day the Equipment is delivered.
Carrier shipment to Customer	Next Day Air delivered after 12:00 p.m.	Rental begins on the following calendar day.
Customer pickup	Equipment released at or before 12:00 p.m.	Rental begins on the pickup date.
Customer pickup	Equipment released after 12:00 p.m.	Rental begins on the following calendar day.
Carrier return to MES	Carrier issues its first possession or acceptance scan	Rental ends on the calendar date of that scan. A label-created scan does not qualify.
Customer drop-off to MES	MES receives Equipment at or before 12:00 p.m.	Rental ends on the preceding calendar day.
Customer drop-off to MES	MES receives Equipment after 12:00 p.m.	Rental ends on the drop-off date.

1.3 Definitions. Equipment means all rental items, accessories, cases, batteries, chargers, sensors, cables, manuals, and other components furnished by MES. Customer receives Equipment when the carrier records delivery at Customer's designated address or authorized recipient. MES receives a drop-off when MES personnel accept possession. The Rental Period includes the beginning date and excludes the ending date only when the rules above expressly place the stop date on the preceding day.

2. Order Documents and Acceptance

2.1. Agreement. This Agreement, the applicable MES quotation, order acknowledgment, invoice, and any written equipment schedule constitute the parties' agreement for the rental. If they conflict, a signed writing that expressly identifies the provision being changed controls; otherwise, this Agreement controls.

2.2. Acceptance. Customer accepts this Agreement by signing it, issuing a purchase order referencing the rental, accepting delivery or pickup, or using the Equipment. Any additional or inconsistent terms in Customer's documents are rejected unless MES expressly accepts them in a writing signed by an authorized MES representative.

3. Charges Payment and Taxes

3.1. Charges. Customer shall pay all rental charges, shipping, delivery, pickup, consumables, cleaning, calibration, repair, replacement, taxes, and other amounts stated in the order documents or permitted by this Agreement. Rental charges continue until the Rental Period ends under Section 1, whether or not Customer uses the Equipment.

3.2. Payment. Invoices are due under the payment terms shown on the invoice. Undisputed overdue amounts may bear interest at the lesser of one and one-half percent (1.5%) per month or the maximum lawful rate. Customer shall reimburse reasonable collection costs, including attorneys' fees and court costs, to the extent permitted by law.

3.3. Disputes. Customer must give MES written notice describing any invoice dispute within thirty (30) days after the invoice date. Customer shall timely pay all undisputed amounts. Failure to provide notice does not waive a claim that applicable law does not permit Customer to waive.

4. Customer Duties and Equipment Use

4.1. Inspection and Notice. Customer shall inspect the Equipment promptly upon receipt and notify MES in writing of any shortage, visible damage, or claimed nonconformity before use and no later than twenty-four (24) hours after receipt. Customer's use constitutes acknowledgment that the Equipment was received in apparent good condition, except for latent defects.

4.2. Authorized Use. Customer shall use the Equipment only for its intended purpose, within manufacturer specifications, and in compliance with all laws, site rules, instructions, and required training. Only trained and authorized persons may operate the Equipment. Customer shall not alter, repair, sublease, transfer, encumber, or remove identifying marks from the Equipment without MES's prior written consent.

4.3. Care and Safekeeping. Customer shall protect the Equipment from theft, loss, misuse, contamination, abuse, and damage. Customer shall maintain suitable custody, environmental conditions, and security from receipt until the Rental Period ends and the Equipment is tendered for return as required by this Agreement.

5. Return Condition Loss and Damage

5.1. Return. Customer shall return all Equipment, accessories, and packaging to the MES location stated in the order documents, properly packed and in the same operating condition as received, ordinary wear and tear excepted. Customer is responsible for selecting an appropriate return carrier and retaining the qualifying acceptance scan and tracking record.

5.2. Loss or Damage. From receipt until return to MES, Customer bears the risk of loss, theft, destruction, contamination, or damage, except to the extent caused by MES. Customer shall pay MES's reasonable repair, decontamination, or replacement cost, plus related freight and inspection charges. Rental charges continue on missing or unusable Equipment until it is returned in acceptable condition or MES receives payment of the applicable replacement amount.

5.3. Hazardous Materials. Customer shall not expose Equipment to radioactive, biological, chemical, or other hazardous substances beyond the Equipment's intended specifications. Customer shall disclose known or suspected contamination before return and comply with MES return instructions. MES may refuse unsafe shipments and charge reasonable decontamination, disposal, or replacement costs.

6. Warranties and Remedies

6.1. Limited Rental Warranty. MES warrants that, when released to Customer, the Equipment will be in material working order for its intended use. Customer's exclusive remedy for breach is, at MES's option, repair, replacement with substantially equivalent equipment, or a credit of rental charges for the verified period of material nonperformance, provided Customer promptly stops use and gives MES notice.

6.2. Disclaimer. EXCEPT FOR THE EXPRESS WARRANTY ABOVE AND TO THE MAXIMUM EXTENT PERMITTED BY LAW, MES DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE OTHER THAN MES'S RIGHT TO RENT, AND NON-INFRINGEMENT. CUSTOMER IS RESPONSIBLE FOR SELECTING EQUIPMENT SUITABLE FOR ITS APPLICATION.

7. Liability Indemnity and Insurance

7.1. Limitation of Liability. TO THE MAXIMUM EXTENT PERMITTED BY LAW, NEITHER PARTY IS LIABLE TO THE OTHER FOR INDIRECT, INCIDENTAL, SPECIAL, EXEMPLARY, PUNITIVE, OR CONSEQUENTIAL DAMAGES, INCLUDING LOST PROFITS, LOST PRODUCTION, OR LOSS OF USE, ARISING FROM THE RENTAL. MES'S AGGREGATE LIABILITY ARISING FROM A RENTAL SHALL NOT EXCEED THE RENTAL CHARGES PAID OR PAYABLE FOR THE EQUIPMENT GIVING RISE TO THE CLAIM. THESE LIMITS DO NOT APPLY TO LIABILITY THAT CANNOT LAWFULLY BE LIMITED.

7.2. Customer Indemnity. To the extent permitted by law, Customer shall defend, indemnify, and hold harmless MES and its officers, employees, and agents from third-party claims, damages, and reasonable expenses arising from Customer's possession, operation, transport, storage, or misuse of the Equipment, except to the extent caused by MES's negligence, willful misconduct, or breach of this Agreement.

7.3. Insurance. Customer shall maintain commercially reasonable insurance appropriate to the Equipment and its use, including commercial general liability and property coverage for rented equipment, and shall provide evidence of coverage upon reasonable request.

8. Default and Termination

8.1. Default. Customer defaults if it fails to pay an undisputed amount when due, materially breaches this Agreement, becomes insolvent, or fails to return Equipment upon demand after the agreed rental. Subject to applicable law, MES may suspend performance, terminate the rental, recover the Equipment without breach of the peace, and pursue cumulative legal and equitable remedies.

8.2. No Waiver. A delay or failure to enforce a right is not a waiver. A waiver is effective only if written and applies only to the specific matter stated.

9. General Terms

9.1. Ownership. MES or its supplier retains all right, title, and interest in the Equipment. Customer acquires only a temporary right to possess and use the Equipment under this Agreement.

9.2. Force Majeure. Neither party is liable for delay caused by events beyond its reasonable control, except that Customer's payment obligations for amounts already accrued and its duties to safeguard and return Equipment remain in effect.

9.3. Notices. Formal notices must be in writing and delivered by personal delivery, nationally recognized overnight courier, certified mail, or email with confirmation of receipt to the addresses stated in the order documents.

9.4. Governing Law and Venue. This Agreement is governed by the laws of the State of _____, without regard to conflict-of-law principles. The state and federal courts located in _____ County, _____ have exclusive jurisdiction, and each party consents to venue there, except where applicable law requires otherwise.

9.5. Severability and Survival. If a provision is unenforceable, it shall be modified only to the minimum extent necessary, and the remaining provisions remain effective. Payment, ownership, return, loss and damage, indemnity, liability limits, and dispute provisions survive expiration or termination.

9.6. Entire Agreement and Amendments. The agreement described in Section 2.1 is the complete agreement concerning the rental and supersedes prior discussions on that subject. An amendment must be in a writing signed by authorized representatives of both parties.

9.7. Counterparts and Electronic Signatures. This Agreement may be signed in counterparts and by electronic signature, each of which is deemed an original and all of which together form one instrument, to the extent permitted by applicable law.

10. Acknowledgment and Signatures

Each signer represents that the signer is authorized to bind the identified party and acknowledges having read and agreed to these MES Rental Terms and Agreement.

Fit Test Adapters

PURE Adapters, "F" following kit and part #, are more easily cleaned and can be equipped with optional 95% in-line filtration.
(filter information page 1)
IVP Adapters are PURE Adapters that include Integrated Valve Prop.
Only one adapter kit type, PURE, IVP, or Regular required.

Ultra Elite Respirator	Full-Face Positive/ Negative Pressure	10,000 SCBA 50 APR	Qualitative or Quantitative	500† SCBA 2000+ APR	Responder Fit Test Kit #10082555	Threaded	N/A	N/A

* If only qualitative fit test is performed on a full-face negative pressure respirator, then an APF of only 10 can be assigned. If a quantitative fit test is performed, the APF is 50.
+ MSA recommends a fit factor of 2000 if the application is a CBRN environment.
† For quantitative fit testing of pressure-demand facepiece, the facepiece must be tested in a negative pressure mode which requires a minimum fit factor of 500.
‡ The Quik-Chek Adapter allows quantitative fit tests to be performed on a pressure demand Ultra Elite Firehawk facepiece by only trained and qualified personnel. Special probed facepiece is not required.
