FEATURED PRODUCTS AND MANUFACTURERS

Ametek Land

Leading manufacturer of cutting-edge instrumentation and analyzers designed for non-contact industrial infrared temperature measurements, combustion efficiency assessment, and environmental pollutant emissions monitoring

Fixed Spot Non-Contract Thermometers / Pyrometers

Fixed Thermal Imagers & Line Scanners

Thermal Imaging Borescopes

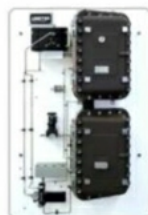

Portable Non-Contact Thermometers

Opacity and Dust Monitors

Combustion Efficiency Monitors

Ametek Western Research

Chemical Composition Analyzers

Chlorine Dioxide Analyzer

Color Monitors

Hydrocarbon Dew Point of Natural Gas

Hydrogen Sulfide Analyzers

Sulfur Recovery Unit Analyzers

On-line process analyzers for the compositional analysis of gas and liquid sample streams

Read More

Applied Analytics
global manufacturer of industrial process analysis instruments

Wall Mounted OMA-3==

Portable OMA-206P

Rackmount OMA-406R

Our systems are used primarily to measure real-time chemical concentrations in liquid or gas process streams, as well as physical parameters like color, calorific value, and purity.

Gas Analyzers and Analytical Devices

Gas Sample Conditioning Systems for Emissions and Process Monitoring

Gas Drying & Humidification

Nafion™ tubing

Baldwin - Digital, Classic Series and Thermoelectric, Gas Coolers

Clayborn Lab Heated Tape, Heated Sample Lines

- **Gas conditioning products including gas sample dryers and humidifiers, filters, coalescers, specialty scrubbers and complete sampling systems**

- **Stack gas emission monitoring equipment of heated filter probes, electronic water condensers, sample conditioning systems, and flow control drawers**
- **Applications in medical, industrial, CEMS/Emission monitoring and scientific applications**
