

# Air Sampling Special Offer Flow Detective At No Additional Cost!

## TIME LIMITED SPECIAL OFFER!

For a limited time only, any purchase of the Apex2 Plus or Pro air sampling pump kits, which include five pumps, will include the Flow Detective™ Plus air flow calibrator at no additional cost.

### How It Works

- ✓ Purchase an Apex2 5-way pump kit.
- ✓ Automatically receive the Flow Detective™ Plus, electronic flow meter at no additional cost.

### Air Sampling Pump Options

- ✓ Apex2 Plus or Pro 5-Way Kit – medium flow air sampling pump. Whatever media you are using, you can be assured that the Apex2 Plus and Pro Air Sampling pumps have the power to handle your monitoring regime with flows up to 5L/min.

### Save Time With The Flow Detective™ Plus

- ✓ High accuracy & pulsation monitoring
- ✓ Wide flow range of 20mL/min to 5L/min
- ✓ Closed loop, wireless calibration with pumps

\*Terms and conditions apply. Applicable part numbers for the pump kits are: APEX2ISPLUS/KIT, APEX2ISPRO/KIT.
